**Executive Director:** Jason S. Crush, Esq.

**Chairman of the Board:** Robert W. Leider

**Year Founded:** 1983

**2008-2009 Accomplishments:** This year Habitat Broward celebrates the completion of more than 300 homes, including new neighborhoods in Fort Lauderdale, Dania Beach, Miramar, Oakland Park and Pompano Beach. More than 120 adults and youth annually participate in our Homebuyer Education and Youth Enrichment programs, providing them with the skills necessary to achieve successful homeownership. The Habitat Re-Store has continued to grow and prosper, offering quality products at discount prices while keeping valuable items out of our landfills. 2009 also marks the beginning of our inaugural "Green Build," a community of 30 homes that meet or exceed the standards for LEED Silver certification. Together with our generous sponsors and volunteers we are able to continue to build a better Broward, one home at a time!
